

- Pulmonary artery catheter/catheterization, 60
intraoperative, in noncardiac surgery, 277
in shock, 263
- Pulmonary capillary wedge pressure, 48-49
as measure of preload, 19
in pulmonary arterial hypertension, 164
- Pulmonary circulation, 192, 196
physiology of, 21
- Pulmonary disease, 183-184
as cause of death, 183
classification of, 184, 184f
epidemiology of, 183-184
future prospects for, 184
Sjögren's syndrome and, 817
- Pulmonary edema
in acute respiratory distress syndrome, 262
management of, 60
noncardiogenic, 262
- Pulmonary embolism, 165-167, 166f-167f, 243
acute coronary syndrome and, 101
dyspnea in, 25
evaluation of, 243f
obstructive shock secondary to, 263
in older adults, 1107t
pain in, 24
in pregnancy, 572-573
risk factors for
acquired, 567-568
inherited, 565-567, 566t
- Pulmonary endothelial cells, 240.e1f
- Pulmonary fibrosis
idiopathic, computed tomography, 227f
lung compliance in, 193-194, 194f
in spondyloarthritis, 776
- Pulmonary function testing, 188, 200, 200f-202f, 200.e1f
in chronic obstructive pulmonary disease, 212
indications for, 200, 200t
patterns in, 184, 188, 200
- Pulmonary hemorrhage, diffuse alveolar, 232-233
- Pulmonary hypertension, 163-164
arterial, 164
atrial septal defects and, 67
chest pain in, 186
in chronic obstructive pulmonary disease, 213
classification of, 164t
in connective tissue disorders, 231
definition of, 163-164
in obesity, 252
secondary, 241, 240.e1f
sleep apnea with, 245
in systemic sclerosis, 789, 792
- Pulmonary infiltrates, in immunocompromised patients, 943-944
- Pulmonary regurgitation, 85
pulmonary valve stenosis and, 72
- Pulmonary rehabilitation program, 214
- Pulmonary-renal syndrome, 233
- Pulmonary stenosis, 85
- Pulmonary thromboembolism, 242-243
- Pulmonary valve stenosis, 72
- Pulmonary vascular diseases, 184, 184f, 240-244
- Pulmonary vascular resistance, 192
- Pulmonary vasculitides, 233-234
- Pulmonary vasculitis, 232-234
- Pulmonary veins, 192
- Pulmonary venous congestion, chest x-ray in, 37-38
- Pulmonary venous flow, in transposition of great arteries, 74
- Pulse, arterial, 28-30, 29f
- Pulse oximetry, 188, 202-203
- Pulse pressure, aging and, 176, 176f
- Pulsus bisferiens, 142
- Pulsus paradoxus, 30, 137
in asthma, 219
in severe asthma, 187
- Pulsus parvus, 76-77
- Pulsus parvus et tardus, 29-30
- Pupillary reactivity, in coma, 967
- Pupils, examination of, 1002-1004, 1004f
- Pure water loss, 301-302
- Purified protein derivative (PPD) testing, in HIV-infected patient, 932
- Purine metabolism, 799-800, 800f
- Purkinje cells, 17
- Purpura
Henoch-Schönlein, 234, 547-548
immune thrombocytopenic, 550-551
palpable, 547-548
post-transfusion, 552
senile, 548
steroid-induced, 548
vascular, 547
- Purpura fulminans, neonatal, 567
- Pursuit eye movements, 1004
- Pyloric sphincter, 402
- Pyoderma gangrenosum, in inflammatory bowel disease, 420
- Pyomyositis, 884-885
- Pyramids, in kidneys, 282
- Pyridostigmine
for Lambert-Eaton myasthenic syndrome, 1099
for myasthenia gravis, 1098
- Pyroglutamic acidosis, 310
- Pyropoikilocytosis, hereditary, 510
- Q**
- Q fever, 838t, 841
infective endocarditis and, 878-880
- Q wave
and myocardial infarction, 41, 44t
with ventricular aneurysm, 41
- QRS complex, 38
- QT interval, 38
- Quadrantanopias, 1002
- Quantiferon-TB Gold (QFT-G), 257
- Quincke's pulse, in chronic severe regurgitation, 79
- Quinidine
for malaria, 953
side effects of, 113, 115t
- Quinsy, in pharyngitis, 869
- R**
- R prime, 38
- Rabeprazole, for peptic ulcer disease, 407-408
- Rabies, encephalitis and, 861
- Rachitic rosary, 754
- Radiation, cancer risk and, 582
- Radiation nephritis, 331
- Radiation therapy, 586
acute effects of, 586, 586t
late effects of, 586, 586t
in prostate cancer, 607
for spinal cord compression, 619
- Radiculopathy, cervical, 1000
- Radiographic findings, on renal calculi, 337t
- Radionuclide imaging
in chronic kidney disease, 297
of gallbladder, 395
gastrointestinal, 395
- Radionuclide scintigraphy, gastrointestinal, gastric-emptying scan, 415
- Radionuclide stress testing, in angina pectoris, 91-92
- Radionuclide ventriculography, 92-93
- Radon, lung cancer and, 266, 592
- Raloxifene, for osteoporosis prevention and treatment, 762t, 763
- Ramelteon, for insomnia, 974
- Ramsay Hunt syndrome, 887, 1000
- Randomized Aldactone Evaluation Study (RALES), 63
- Range of motion, assessment of, 810
- Ranitidine, for peptic ulcer disease, 407
- Ranolazine, for angina pectoris, 95
- Rapamycin, 370
- Rapid eye movement behavior disorder, 975
- Rapid-onset dystonia, 1021
- Rapid urease test, 407
- Rapidly progressive glomerulonephritis (RPGN), 315, 315f
glomerular diseases with, 320-323
microscopic polyangiitis with, 233-234
- Rash
fever and, 837, 838t-839t, 842-843
from syphilis, 923
viral infections associated with, 843
- Raynaud's disease, systemic sclerosis and, 790
- Raynaud's phenomenon, 163, 781, 814
in systemic sclerosis, 789, 791
- Reactivation tuberculosis, 256-257
- Reactive arthritis, 767t, 775, 777, 777f, 779
- Reciprocating atrioventricular tachycardia, 121
- Recombinant human PTH (1-34), 763
- Recombinant tissue-type plasminogen activators (rt-PA), in acute STEMI, 105-106
- Recombination, 8, 9f
- Rectal cancer, in HIV-infected patients, 933
- Rectal examination
in abdominal pain, 373
in prostate cancer, 721
- Red blood cells
carbonic anhydrase in, 197
congenital, membrane abnormalities, 510t
disorders of, 502-514
metabolism of, 511f
normal structure and function, 502
prospectus for future, 513
- 5 α -Reductase, lack of, 654
- 5 α -Reductase inhibitors, for benign prostatic hyperplasia, 722
- Reduviid bug, 955.e1f
- Reentry, 111, 112f
- Refedding syndrome, with parenteral nutrition, 688
