

**FIGURE 278e-14** Atrial flutter with 2:1 AV conduction. Note typical atrial flutter waves, partly hidden in the early ST segment, seen, for example, in leads II and  $V_1$ .

**FIGURE 278e-15** Atrial flutter with atrial rate 300/min and variable (predominant 2:1 and 3:1) AV conduction. Typical flutter waves are best seen in lead II.
