 incidence of, 1498  
 mitral regurgitation in, 1543  
 natural history of, 1439  
 pathology of, 1568f, 1569f  
 pathophysiology of, 1568-1569  
 prognosis of, 1570  
 sudden death and, 1498, 1569-1570, 1570t, 1767  
 treatment of, 1498, 1569-1570, 1570f  
 ventricular tachycardia in, 1498
- Hypertrophic osteoarthropathy, **2244**  
 clinical features of, 426e-7, 2244-2245  
 clubbing in, 250, 426e-7, 2244, 2244f, 2245  
 diagnosis of, 250, 2245  
 differential diagnosis of, 426e-7  
 disorders associated with, 2245, 2245t  
 familial, 2244-2245  
 pathogenesis of, 250  
 pathophysiology of, 2245  
 treatment of, 2246
- Hyperuricemia, **431e-1**  
 in AML, 681-682  
 asymptomatic, 431e-4  
 complications of, 431e-1, 431e-4  
 definition of, 431e-1  
 drugs causing, 431e-2t, 431e-3  
 etiology of, 431e-1-3, 431e-2t, 431e-3f  
 evaluation of, 431e-4  
 in gout. *See* Gout  
 in inborn errors of purine metabolism, 431e-3t  
 metabolic syndrome and, 431e-4, 2452  
 renal effects of, 1862  
 treatment of, 431e-4-5, 2234-2235  
 in tumor lysis syndrome, 1795
- Hyperuricosuria, 294, 431e-3t  
 Hypervalinemia, 434e-3t  
 Hyperventilation  
 clinical features of, 1722-1723  
 diagnosis of, 1723  
 in respiratory alkalosis, 324  
 in sepsis/septic shock, 1756  
 treatment of, 1723
- Hyperventilation tetany, 479e-1
- Hyperviscosity  
 in congenital heart disease, 1523  
 in polycythemia, 399  
 Raynaud's phenomenon in, 1649  
 treatment of, 1523

- in heatstroke, 479e-3  
 hormonal defense against, 400e-5  
 hormone deficiencies and, 2433  
 hypothermia in, 478e-1  
 inborn errors of metabolism and, 2434-2435  
 insulin-induced, 2260  
 in insulinoma, 569  
 with insulin plus glucose, 312  
 in malaria, 1373, 1381  
 non-beta-cell tumors and, 2433-2434  
 in overdose/poisoning, 473e-3  
 pathophysiology of, 2430-2431, 2431t  
 perioperative, 55  
 recurrent, prevention of, 2435  
 syncope and, 147  
 treatment of, 2435  
 tumor-induced, 609t, 611-612
- Hypogonadism  
 acquired testicular causes of, 2365-2366  
 in cryptorchidism, 2365  
 diagnosis of, 2367f  
 erectile dysfunction in, 326  
 in hemochromatosis, 2517  
 in HIV infection, 1260  
 hypergonadotropic, 336-337  
 hypogonadotropic. *See* Hypogonadotropic hypogonadism  
 in Klinefelter's syndrome, 2365. *See also* Klinefelter's syndrome  
 prevalence of, 2254t  
 screening/testing for, 2254t
- Hypogonadotropic hypogonadism, **2363**. *See also* Androgen deficiency  
 acquired, 2364-2365  
 amenorrhea in, 336  
 clinical features of, 2260-2261  
 congenital disorders associated with, 2363-2364, 2364t  
 delayed puberty in girls and, 2380, 2381t  
 diagnosis of, 2261  
 familial, 2363  
 hemochromatosis and, 2365  
 hyperprolactinemia and, 2365  
 idiopathic, 2363  
 isolated, 336, 2260  
 obesity and, 415e-3, 2364-2365  
 pathophysiology of, 2363  
 sellar mass lesions and, 2365  
 treatment of, 2261, 2369
- Hypokalemia, **305**  
 in aldosteronism, 1618  
 arrhythmia in, 273e-3  
 in chronic kidney disease, 1814  
 clinical features of, 307  
 diagnosis of, 307, 308f  
 in DKA, 2419  
 ECG in, 43, 269e-13f, 307, 1457, 1458f  
 etiology of, 305-307, 305t  
 in hyperthyroidism, 64e-7  
 hyponatremia and, 302  
 inpatient neurologic consultation for, 463e-4  
 magnesium deficiency in, 64e-8, 306-307  
 in mineralocorticoid excess, 2319  
 in overdose/poisoning, 473e-3  
 with parenteral nutrition, 98e-7t  
 renal effects of, 1862  
 treatment of, 64e-8-9, 307-308, 463e-4
- Hypokalemic periodic paralysis (HypoKPP)  
 channelopathies in, 444e-2t  
 clinical features of, 305, 462e-16-17, 462e-17t  
 etiology of, 305  
 familial, 305  
 genetic considerations in, 305, 444e-2t, 462e-17, 462e-17f  
 thyrotoxicosis and, 64e-7, 444e-2, 462e-16, 462e-18, 2294  
 treatment of, 307
- Hypomagnesemia, **2461**  
 after parathyroidectomy, 2474  
 alkalosis and, 322  
 arrhythmia in, 273e-4  
 clinical features of, 463e-4, 463t, 2462  
 etiology of, 2461-2462, 2462t  
 familial hypercalcemic, 332e-7t, 332e-8
